I understand that I am submitting this form ~~and~~ accompanying documentation for review by the Graduate and Law Financial Aid Office and that approval of my request to increase my cost of attendance is not guaranteed. I acknowledge that an increase in my cost of attendance may increase eligibility for additional educational loans. These loans will require credit approval and may have annual and/or aggregate limits. I understand that using additional loans will increase my overall student loan indebtedness that I will have to repay after graduation ~~and I will~~ leave school. I also understand that approval for additional loans is not guaranteed.
