The M.S. in Applied Economics (MSAE) program requires 10 courses to be completed consisting of 5 core classes and 5 electives. Students must have a cumulative GPA of 3.00 to graduate successfully.

Students are encouraged to take the core classes of Applied Microeconomic Theory, Applied Macroeconomic Theory, Data Analysis and Econometrics before taking the elective courses. For students with limited or no coding experience, Software Tools for Data Analysis is also recommended.

Furthermore new electives are added from time to time and students should check the [MSAE](#) website for new course offerings. Courses from the MS in Applied Analytics ([MSAA](#)) can also be chosen as electives with two exceptions namely Algorithmic Ethics and Governance from traditional to AI/ML.

Required Elective Courses Choose any 5
